

ProDevice ASM120 degausser

PRODEVICE ASM120 ENSURES COMPLIANCE WITH THE MANDATES, REGULATIONS AND SECURITY GUIDELINES

- PCI DSS (Payment Card Industry), Data Security Standard
- NIST (National Institute of Standards and Technology), Guidelines for Media Sanitization: NIST SP 800-36, NIST SP 800-88
- HIPAA (Health Insurance Portability and Accountability Act)
- PIPEDA (Personal Information Protection and Electronic Documents Act)
- HMG CESH IS5

Degausser operates in accordance with the ISO27001 standard, so ASM120 is a perfect solution for companies and institutions that care for the highest standards related to the protection of confidential data, defined by GDPR.

The ProDevice ASM120 degausser generates a magnetic field up to 11,000 Gauss. It was designed in cooperation with the University of Science and Technology, tested and produced in an innovative R&D center of the manufacturer. The device guarantees completely safe and effective data deletion – it can be used for data removal from functional and non-functional (damaged) magnetic tape and hard disk drives.

INNOVATIONS

- PPMS (Pre-Paid Management System) technology - charging of device remotely for a specified number of data removal cycles.
- The world's first degausser operating in MaaS mode (Machine as a Service).
- Software implemented as a diagnostic tool.
- Multi- language support.
- Operating in network mode, with the ability to operate, monitor, and manage the ProDevice ASM120 from any location in the world via TCP/IP connection.

TECHNICAL SPECIFICATION

	ProDevice ASM120 BASIC	ProDevice ASM120 PROFESSIONAL
Magnetic field	up to 1,1T = 11 000 Gauss	
Data removal cycle	30 s / unit	
PPMS Technology	No	Yes
TCP/IP interface - Communication with the software tools	No	Yes
Power supply	115V, 230V / 50Hz, 60Hz	
Dimensions	H. 221mm x W. 465 mm x D. 325 mm	
Storage medium max. size	200mm x 120mm x 50mm	
Weight	33,5 kg	
Shipping case	Yes	
Warranty	2 years up to 5 years	

SUPPORTED MAGNETIC STORAGE MEDIA

- HDDs: 2.5" and 3.5" (even with trays)
- Data tape media: LTO, DLT, SDLT, DDS, DAT, AIT, Travan, MLR, SLR, QIC, 3480/3490, 3490E, 3590, 3590E, 3592, 9840, 9940, T10K, SD-3, VXA
- Audio and video tape cassettes
- Floppy, audio and video cassettes

ProDevice

ProDevice is a leader of innovative technologies on the market for destroying information from electronic data carriers. The most modern R&D center of this type in the world, is the place of designing, testing and producing all brand devices. The cooperation of qualified engineers with the most outstanding scientific units in the country results in the implementation of the most advanced development projects related to modern technologies in the field of data removal. ProDevice products are currently sold in more than 30 countries around the world through an extensive network of Partners.
